Wise Water Words

Hello, Fellow Gardeners.

I hope everyone is doing well and staying cool. I know most of us are anxiously awaiting the cooler temperatures of the autumn season.

I would like to take the opportunity to thank everyone who attended our educational seminar CULTIVATE! on September 9th & 10th. There are so many Master Gardener volunteers who continue to give their time and talents to make this event such a success. This was our 10th CULTIVATE! and we ranged from 90-119 people in our classes, with a total of 667 attendees for our 6 online workshops. If you were one of these attendees, **thank you very much!** We hope you enjoyed each session you attended and that you will be able to put into practice what you learned in your own gardens and landscapes. If you were not able to attend, we look forward to seeing you in one or all our workshops on Friday, March 3rd and Saturday, March 4th, 2023.

We had such an overwhelming response to our fall event that we experienced some technical issues with so many people visiting our website. For that, we do apologize and are taking steps to correct that issue so it doesn't happen again for our spring CULTIVATE! We appreciate your understanding and patience.

As we announced during CULTIVATE!, there were 4 chances to win some great prizes. Here are the winners:

San Antonio Botanical Garden Annual Membership- **Jeffery Hankins**

$50 Gift Certificate to Rainbow Gardens- **Dina Saad**

$50 Gift Certificate to Rainbow Gardens- **Kristen Opaska**

$50 Gift Certificate to Rainbow Gardens- **Michael Adams**

Congratulations to all these lucky winners!

Thanks again to all of you who participated, and we look forward to seeing you in March!

Conservationally yours,

Anna Vogler
Water Conservation Coordinator
