

Bexar County Master Gardeners

Who we are:

- **Trained volunteers, working with Texas A&M AgriLife Extension, to provide residents with information on environmentally responsible gardening and landscaping in South/Central Texas**
- **Source of unbiased, researched-based, and locally relevant gardening information through our**
 - **Homeowner helpline,**
 - **“Ask a Master Gardener” program at community events, and**
 - **Gardening classes and workshops**
- **Volunteers at many of the 70 school gardens throughout Bexar County, serving approximately 7,000 students**
- **Mentors with the Children’s Vegetable Garden Program, a Bexar County AgriLife Extension Program, which provides gardening opportunities for children at 2 gardens, located at the San Antonio Botanical Garden and Phil Hardberger Park**
- **Sponsors of scholarships to undergraduate or graduate students at a Texas college or university who are pursuing a degree in a horticultural-related field**
- **A non-profit 501 c (3) charitable organization.**
