

## President's Message:

I am so proud to announce that we have already reached **100** Master Gardeners who have completed their requirements for recertification. Way to go team!! I know we have many who have not entered their hours yet and I would appreciate it if this was accomplished soon.

Thanks to all the Master Gardeners who have volunteered in activities including preparation for the JMG Teachers Training, hops harvesting, preparation for the 2 Children's Vegetable Gardens and on-going watering, the Hot Line volunteers, the Speakers Bureau volunteers, the Botanical Garden Docent volunteers, those who help in the office and all the other activities behind the scenes that make our organization a force to be reckoned with in this state.

However, we still need more volunteer Docents for the Summer Nights Program at the San Antonio Botanical Garden, Thursdays from 5:30 to 8:30pm until mid -August and Friday, Saturday and Sunday mornings through August. If you are interested in joining the Docents, please contact Grace Emery to set up a training session.

New opportunities will be coming soon, so please stay tuned and check your VMS calendar.

Thanks for your support and please remember to put your hours in VMS,

Grace Emery
