

Bexar County Master Gardeners

SUBJECT: B-7 Rotation of Committee Chairs and Event Coordinators

POLICY: The Bexar County Master Gardeners (BCMG) Board of Directors will implement a policy of rotating committee chair and event coordinator positions at least every 3 years. To maintain the most effective and efficient organization, the Board will also attempt to have assistant chairs and assistant coordinators identified who will be mentored into the role of the chair or coordinator. If the Board is unable to identify a chair or coordinator after a leader has served for three years, the incumbent may remain in the position until a replacement can be found.

RATIONALE: BCMG will benefit organizationally from having leadership positions held by knowledgeable and confident members. Leadership development best occurs when there is a rotation of leaders who will bring additional talents and ideas to the mission and organization. Rotating leaders will allow new members to obtain a stronger grasp of how BCMG operates and will ensure a greater understanding of the goals and objectives of the organization.

This policy will also ensure transparency and fairness in the development and rotation of members who wish to serve in a leadership capacity.
